Sixties by ELEKTRA

Compact Coffee Machine

The compact coffee maker Sixties is a small espresso machine of very compact dimensions obtained through a design study aimed at containing the overall dimensions. Ideal for ice cream shops, bars and small cafés. Fitted with elegant stainless steel body and super shiny brass. A perfect mix of finishes of high quality, valuable metals and maximum reliability. The advanced technology makes you able to obtain a superb quality coffee all day long, giving to your clients the real Italian espresso.

- 1 Group
- 2 Groups

Belle Epoque by Elektra

The coffee machine's surface is manufactured from chrome and plexiglass. Its rounded lines and elegant surface will attract attention and a cup of coffee with the true Italian taste of espresso will please everyone!

It is in the coffee maker Belle Epoque that our craftsmen give the best of themselves forging noble metals such as copper and brass alternating moments of ancient process to advanced methods.

The brilliance of its metal, molded design with a retro charm, giving it a distinct personality ideal for embellishing the choreography of fine-dining.

Anima Prestige by Gaggia

A mastermind, class, perfection! Words cannot just express this machine's perfection. A very ideal machine for home or office. A café at home concept right into live action!

Fresh beans and Fresh milk.

Four options pre Programmed: Espresso, café Lungo, Cappuccino and Latte

Gaggia Carezza De LUXE Coffee Machine

The Gaggia Carezza De LUXE is a semi-automatic machine with a vintage, Italian look, designed to capture the atmosphere of retro cafes. The intuitive push-button interface and pressurized portafilter make for an introductory machine that's easy to master in no time at all

Gaggia Naviglio Coffee Machine

Gaggia Naviglio, which automatically grinds coffee beans for espresso, but has a manual milk frother, so you can still create some drinks in a more manual and creative way. Of course, this style of machine is also generally a lot cheaper than the fully-automatic type.

Showroom, Way 897 Building 273, Second Floor Office 207. Tel 220 06920

Multi Cap Capsule Coffee Machine by Novell

The Novell Multi Cap 2 Group capsule machine is designed to take Novell coffee capsules and produce a delicious espresso or cappuccino in short time. A MADE IN ITALY stylish capsule machine with several features like automatic coffee dosing, steam wand, adjustable cup holder and many more. Professional machine with high performance. Capsule system, Fresh Milk (steamer)

Grinders by Cunill

The continual pursuit of perfection has made Cunill, a company known and valued around the world for their high quality, their innovation and the reasonable price of its professional coffee grinders .

With one of the best selling models like Kenia, Tranquilo and Luxomatic theres very little to complain regarding its performance and enigma. With each one showing off its distinctive feature makes it stand out in the world of coffee grinders.

Kenia

Hopper (1kg) made of unbreakable and non-deformable material (co.polyester), with fast lock system and self-levelling when off the coffee grinder, with the possibility of cleaning in a dishwasher at 90 °C. Micrometric regulation of the coffee grind using a regulatory pawl.

Tranquilo

Completely redesigned in a shapely new body and improved in almost every way, this latest version of semi-commercial grinder by Cunill of Spain is a dependable, compact grinder designed with the demanding home barista or small restaurant owner in mind, but don't let its relatively compact size fool you. The heavy-duty motor, condenser, and grinding burrs are the same sturdy components found in Cunill's acclaimed line of commercial grinders sold to coffee bars around the world.

**Luxomatic**

The Cunill Luxomatic on-demand grinder grinds at 55 decibels with little background noise. Touch-screen for easy programming, shot timer on display with coffee counter, Automatic on-demand and coffee portion control, 497 Watt motor will grind 14g of coffee in 3.6 seconds are some of the noteworthy features.

** Available in Chrome, White and Black

Squeezer for bars and cafes by Cunill**ACID ONE**

A professional electric squeezer that will be a precious partner of your business. It has an automatic start with the lever's descent and a stainless steel pine while its color give minimal style to the place.

Technical specifications:

- Ideal for coffee shops and refectories
- Auto start when the lever goes down
- Adjustable rotation: 1.300-1.800 r/pm
- Colour: Chromium
- Power: 570W / 220V
- Weight: 10 Kg
- Dimensions: 348x245x395 cm

ICE BLENDERS by Blendtec

Chef 600

The Chef 600 gives you complete control with one-touch kitchen controls specifically designed for food prep. Each setting runs at a consistent speed without the varying speeds of blend cycles and can be shut off manually or automatically after 90 seconds.

Connoisseur 825

Perfect for high-volume shops, the Connoisseur 825 is a workhorse built with longevity in mind. The 3.8 peak horsepower motor easily powers through the toughest ingredients, like ice and frozen fruit, without skipping a beat.

Rapid Rinse Station

The perfect commercial washer for any busy business. With the non-electric pressure wash action of the Rapid Rinse Station you can clean out your blender jar in less than 7 seconds. Made for more than just Blendtec blender jars, you can quickly wash out drink containers as small as a shot glass or as large as an 8 inch bowl. With the 6 foot water supply hose you can place your Rapid Rinse Station just about anywhere.
